CEMEX HOLDINGS PHILIPPINES, INC. ("CHP") informs that it has taken the decision to start a process that will lead to the temporary stoppage of production at the Solid Cement Plant (the "Solid Cement Plant") located in Antipolo City and temporary suspension of delivery of cement products from the Solid Cement Plant. As of the date of this report, CHP has not been made aware of any employees having contracted the COVID-19 virus. CHP believes that these measures are consistent with protecting the health and safety of CHP's employees, contractors, customers and community, and that, in general, these measures are consistent with the Philippines' Government implementation of the "Enhanced Community Quarantine" in Luzon that was declared by President Rodrigo Duterte this week, instituting more stringent measures to try to contain the spread of COVID-19, such as the prohibition of mass gatherings, strict home quarantine, suspension of mass transport facilities, and restricted land, air and sea travel. In the meantime, the APO Cement plant located in Naga, Cebu will continue to operate under extraordinary mitigating measures, until further notice. CHP will continue to work with its employees, customers and suppliers on how to manage the temporary stoppage of production at the Solid Cement Plant.
